

DECISION SCREENS™

A single pane of glass on your tablet, smart phone, laptop or digital TV that shows only the most essential and clear-cut information. Charted or tabulated for your business on a daily or even minute by minute basis.

Our technology is second to none!

Use our 'Decision Screens' (DSc) in your management offices, board rooms, production floors, site offices, retail-outlets or check business progress for yourself on your smart phone while on a foreign trip.

We provide a tailor-made, simple and clear solution that only shows what you want to see and nothing else.

No clutter and no gimmicks. Just all the complexity of your entire business presented in the most simple, concise and relevant way.

- Day-End Progress Chart Screens
- On-Going Progress Chart Screens
- Historical Information Chart Screens
- Performance Comparison Screens
- Inventory Watch Screens
- Information Watch Screens
- Map & Geo Location Screens
- Multiple TimeZone Clock Screens
- CountDown/CountUp Timer Screens
- Alerts and Notification Screens
- Emergency Escalation Screens
- Urgent Messaging Screens

Each DSc ordered is custom developed and delivered according to client needs and available technology at the client's end.

Starter DSc begins at just PKR 50,000/- (one-time) and 5,000/- (monthly).

Professional & advanced screens are quoted upon requirements evaluation.
