Independent ICT Consultant

Cost-effective & Intelligent Solutions for your business

Your business is evolving,
and quality manpower is hard to come by these days.

What I provide are skills and a solid knowledge-base in business, process and technology.

With 14+ years of evolutionary experience in ICT,
a depth of knowledge and crystal-clear understanding of the non-executive to the chairman …
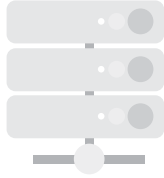

I know how to make things work.

Solicit my services as a consultant, to take your business forward.

I provide money-back guarantee for all my services.

Some areas where I can be a valuable instrument for your business' continuity and success are shown; for other more specific matters pertaining your unique business needs; you are most welcome to reach out anytime.
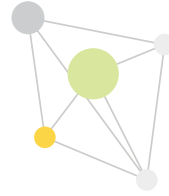

Have a wonderful day!
